<p>How Does PokerStars Deal With Bots?</p>
<p>April 20, 2024 Matthew Pitt Senior Editor</p>
<p>PokerStars</p>
<p>recently gave an insight into its game integrity🏀 team and rec
ently launched another</p>
<p>video showing how the world,Äôs number one online poker site deals with
bots and other</p>
<p>🏀 artificial intelligence (AI).</p>
<p>Bots and AI have been around almost as long as online</p>
<p>poker. Unscrupulous people will always try to🏀 take shortcuts
wherever there is money to</p>
<p>be made. Bots and AI are a common way to do this.</p>
<p>What Is🏀 a Bot?</p>
<p>A bot is essentially a</p>
<p>piece of software that automatically plays online poker. The software
analyses what,Äôs</p>
<p>happened at🏀 the table, then makes an automatic decision of wh
at action to take.</p>
<p>Usually, this is the most mathematically correct decision.</p>
<p>Bots🏀 have grown more</p>
<p>advanced over the years. Some can even share information if there is m
ore than one of</p>
<p>them🏀 at the same table, giving them a massive advantage over
a player playing</p>
<p>fair.</p>
<p>Another type of AI does all the🏀 same analysis before directing
its user to make</p>
<p>the correct decision, doing so in real time. Both types are banned
7936; from all online</p>
<p>poker sites and PokerStars takes the use of any banned software extrem
ely</p>
<p>seriously.</p>
<p>How Does PokerStars Combat Bots?</p>
<p>Just🏀 like its Game Integrity team,</p>
<p>PokerStars has a dedicated team whose sole job is to combat bots and A
I. It🏀 is made up</p>
<p>of data scientists, programmers and former professional poker players
who actively seek</p>
<p>out and punish illegal software🏀 users.</p>
<p>PokerStars keeps its detection methods secret as</p>
<p>not to give the software creators hints on how to avoid detection, but
🏀 does reveal it</p>
<p>uses a combination of hardware and software to track down AI users. Th
e site believes</p>
<p>it has🏀 the best bot detection in the industry.</p>
<p>The team look for patterns and anomalies</p>
<p>across billions of hands. A rigorous investigation🏀 takes plac
e whenever a suspected bot</p>
<p>is uncovered. The cheater,Äôs funds are frozen and redistributed to thos
